Subject: RE: I oppose Duke's latest rate hike for dirty energy

Dear Mr. Bass,

This is to acknowledge receipt of your email to the Public Service Commission of South Carolina. I am forwarding your email to our Clerk's Office for processing. Your email will become a part of Docket No. 2013-59-E and will be posted on our website under this docket.

Please let me know if you should require any additional information.

Sincerely,

Deborah Easterling
Administrative Assistant

Subject: I oppose Duke's latest rate hike for dirty energy

Apr 28, 2013

South Carolina Public Service Commission

Dear Public Service Commission,

I suffer from breathing problems all the time. It pains me to see one of the World's largest companys not investing in cleaner-newer technology to help save the environment and protect our future generations. We have to understand that God is watching, and when he see us destroying the Earth no way will he allow us to mess up Heaven as well. CLEANER-NEWER-TECHNOLGY. Lets get your acts together, if you are going to have a rate hike at least invest in something cleaner.

Sincerely,

Kent Bass

South Carolina Public Service Commission

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

Robert Hartwig
